SONA GROUP OF INDUSTRIES

OUR VISION

To continually raise quality standards in everyday needs and deliver optimal value to all stakeholders.

OUR MISSION

To deliver the best possible quality of products at the most affordable prices, at all times, for mutual benefit.

ABOUT US

Sona Group of Industries is a diversified conglomerate. We are a key player in Nigeria's industrial growth. Over the past 30 years, Sona Group has made substantial investments and deployed great managerial prowess in diverse sectors to lift the standards of products and living by developing and providing world-class products at locally-sensitive prices while effectively providing platforms for technology transfer to Nigerians and engaging various sections of Nigeria's local communities through our backward integration programmes to empower local farmers, skilled workers and suppliers.

After deploying a very successful Group strategy of acquiring previously sick companies and quickly turning them around to winning ways over the past decades, Sona Group has recently ventured into uncharted waters as we are now bringing in new investments, modern technology, state-of-art machines and modern management techniques into an array of brand new start-ups focused on providing high-value Business-to- Business and Business-to-Consumer (B2B & B2C) products and solutions.

Our high-performing companies include:

Coronation Power and Gas Ltd
Coronation Real Estate Development Ltd
Euro Global Foods and Distilleries Ltd
Food, Agro and Allied Industries Ltd
Shongai Packaging Industry Ltd
Shongai Technologies Ltd
Sona Agro Allied Foods Ltd
Sona Industrial Gases Ltd
Techblow Nigeria Ltd.

OUR PRESENT BUSINESS FOCUS

1. Manufacturing of Glass Bottles Glass Containers and Glass Products
2. Manufacturing and recycling of Plastic Containers and products
3. Production and marketing of food and beverage products
4. Electricity generation and distribution
5. Manufacturing of 360-degree packaging solutions to Nigeria's manufacturing industry
6. Real Estate development, with a focus on low-cost housing

PROVEN PEDIGREE

1. Experts at pioneering investments and development of critical, challenging and virgin sectors
2. Turn-around experts for ailing companies.
3. Deployment of best-in-class equipment and machinery in every industry we operate in.
4. Consistent backward integration policy with investments in local capacity to produce needed raw materials in Nigeria.
5. Capacity-building Policy for host communities and states in which we operate.

PARTNERING FOR SUCCESS

RC No. 471771

FOODS, AGRO & ALLIED INDUSTRIES LTD.

VISION & MISSION

Food Agro & Allied Industries Ltd was incorporated in 2001 to manifest Sona Group's "Ideology of Indigenization" about developing credible technology to process locally grown sorghum to substitute imported Barley derivatives.

The mission is to produce Sorghum malt and malt derivatives of international quality at affordable cost augmenting Agric, Industrial, Scientific and economic growth of the nation.

THE PLANT SET UP & PRODUCTS

FOOD AGRO & ALLIED INDUSTRIES LTD, known as FOOD & AGRO, started commercial operation in 2008 as a Sorghum Malting Plant to collaborate with Government program for substitution of imported Barley malt with locally grown sorghum malt. The completely mechanized Malting plant has capacity to process 30,000 tons of Sorghum annually. Additional equipment to expand the capacity to 45,000 tons per annum is already at site.

FOOD & AGRO's state-of-the-art Malt Extract plant was commissioned in December 2014. This fully automated ultra-modern plant can produce 25,000 tons of Malt Extract, High maltose syrup, Glucose, Brewing Extract and other sweeteners annually, from malted and raw sorghum. Capacity can be enhanced to 33,000 tons per annum with addition of few more equipment. This plant is the only one of its kind in Nigeria and will contribute immensely in reducing importation of Malt Extract, HMS, Glucose etc into the country. 20,000 ton Silo storage with proper cleaning system at FOOD & AGRO premises in Sango-Ota and another 20,000 ton Storage silos available for installation in procurement centre in the north, will assist Government's Strategic Food grain Storage program.

QUALITY & FOOD SAFETY STANDARDS

FOOD & AGRO adheres to the highest standards of Quality and Food Safety Management system in production of food ingredients and got ISO 9001:2008 (QMS), SEDEX A&B, ISO 22000:2005(FSMS-HACCP) certifications in 2010, 2011 and 2014 respectively. FOOD & AGRO is the only Heineken International approved Maltster in Nigeria.

ADVANTAGES OF FOOD & AGRO

Qualified, trained & experienced manpower; top of the range of equipment; degree of process automation; well-equipped modern laboratories; reliable utilities including power supply from sister IPP company and strong group support are the major strengths of FOOD & AGRO to assure quality, cost competitiveness, and reliability to all levels of customers.

FOOD & AGRO has extensive plans for backward & forward integration like providing assistance in improving produce quality & yield, guaranteed market to farmers, building reliable processing & storage for grains; and producing quality, healthy and nutritious food and food ingredients at affordable cost for the growing population of Nigeria.

Providing malted sorghum for local industries, Food, Agro & Allied Industries Limited is one of the most modern malting plants in Nigeria. We process Raw Sorghum into Sorghum Malt and Malt Derivatives. We produce a range of quality sorghum malt and malt extract for Distillery, Confectionery and Malted Food Industries.

We are committed to total customer satisfaction through the use of latest technology in malting processing which has earned us recognition as a leader in the industry within a short period of going into production. Our strict adherence We encourage backward integration by keeping our farmers busy and rewarded as well as generate employment opportunities for Nigerians so as to contribute our quota to revamping our agricultural sector and agro-based-industries engender economic and industrial growth.

SONA AGRO ALLIED FOODS LTD

OUR VISION

SAAFL endeavors to be an OUTSTANDING COMPANY focused on producing the best QUALITY & most INNOVATIVE Products for its Consumers and in the process build a formidable organization which can take on the best in the industry.

OUR MISSION

We at SAAFL strive to manufacture and market world class direct & indirect food products at value for money driven by research and development in order to meet the expectations of our esteemed consumers and to provide a conducive working and business environment for employees, contractors and other stakeholders so as to foster and sustain a culture of performance and growth for the Company.

ABOUT US

Sona Agro Allied Foods Ltd is the biscuit, cereal and snack unit of the Sona Group, and is a producer of many popular rising brands. Sona Agro Allied Foods Ltd was incorporated in June 2011 and to manufacture and market food products, which is a vital sector of any economy, especially snack foods, along with trade activities in Agro products. Factory is formed in vast green field environment at KM 1, Ijoko Road, and Sango Ota in Ogun State. It became operational in towards the end of 2012 and commercial sales resumed by Feb 2013.

Sona Agro Allied Foods Ltd is well equipped with plant and machineries from European and Asian Machinery manufacturers. Based on good reception for our existing biscuit products by Nigerian consumers, management decided to go in expansion of Plant capacity from 14 Tons per day to 100 tons per day, accordingly plants and machinery from Laser - Italy, Cepi - Italy and Omori – India, have been procured, installed and commissioned in 2014. Soft and Hard Dough Plant from Laser - Italy has also been commissioned.

SAAFL is NIS ISO 9001:2008 certified.

OUR WINNING STRATEGY

We always try to find ways in which we can improve the quality of our products without affecting the consistency that consumers have become accustomed to. To do so, we research local and international market trends and developments, we engage our stakeholders regularly in order to ensure that we can respond to queries and irregularities immediately.

Included in our committed capex is a new state of the art plant nearing completion. With it, we have invested additionally into new equipment to introduce a luxury quality range of biscuits and savoury products to cater for all aspects of the market. We are upgrading our current Food Safety Management System to the commonly accepted world standard of HACCP. Above all, we are working with a professional food technologist, specialising in food safety with an extensive knowledge of local and international standards.

We work with integrity, professionalism and view each customer as individualistically as possible, knowing no two needs are the same. We strive to continuously provide unique and quality biscuits and snacks on time, every time to the market throughout Nigeria. We believe that all consumers should have access to Quality Products at affordable prices... and that shall always strive to provide the products as, when and how needed.

EURO GLOBAL FOODS AND DISTILLERIES LTD.

We are a leading player in the business of producing, packaging and marketing various ranges of distilled liquor, wines, soft drinks as well as various blends of RTDs (Ready-to-Drink) to satisfy the varying tastes and palates of the Nigerian Market.

Euro Global Foods and Distilleries Limited, is a proud member of Sona Group of Companies. It was incorporated on 20th of July, 2006 as a limited liability company under the Companies and Allied Matters Act, 1990 (RC660919). We believe that 'Service is a powerful differentiator' and thus strive to conduct our business in such a way as to ensure that we constantly produce and deliver excellent products and services to our customers at all times.

We have in our portfolio a range of world-class brands. In the non-alcoholic segment, we have brands like Aqua Euro Table Water as well as the Savanna and Sona range of carbonated soft drinks. Our range of alcoholic brands include Seaking Schnapps, Sabrina Premium Dry Gin, Brave Heart Dark Rum, Czar Vodka & Czar Ice RTD, Power Bitters, Blue Lagoon Blended Dry Gin, Julius Tonic Wine and Amphora Range of Red and White Wines. All brands are proudly produced and bottled in Nigeria. Due to our huge production capacity and international Good Manufacturing Practice (GMP) standards, we also contract-produce and package products for other organizations.

The Euro Global Foods and Distilleries distribution network is spread vastly across the country ensuring that our products are readily available to our target consumers. Euro Global Distilleries Limited commenced operations in its Ota factory with two separate production lines with a capacity to fill 12,000 crates per day for table water alone and 9,000 cases for the spirits. As an indigenous company, we diligently source all major materials from within Nigeria. The company has state-of-the-art production facilities for spirits distilling and ozonized water processing. The drive to increase the product range and the resultant increase in production capacity highlights the confidence the company had in the Nigerian economy and other business prospects.
